BUYERS OF NEW CARS

ROM time to time General Motors has devoted its messages in this paper to **I** giving facts which help the car-buyer get full value for his automobile dollar. In keeping with that policy of frankness, this message gives facts about the prices of new cars which every one should know.

When you buy a new automobile, it the list price and the delivered price. The delivered price consists of the list and reasonable price of the car—the f. o. b. price advertised by the manufacturers—plus certain other charges which the dealer makes.

You should know exactly what those harges are and what each one is for. There is no mystery about the charges have adopted this standard price tag, vast production, centralized purchasing is hidden. There is no extra charge to them. General Motors dealers maintain permit a seemingly better trade-in offer. this value in their delivered prices of these any other item. You know exactly standard price tag. Look over the General what makes up the difference between Motors line. Then clip the coupon.

CHEVROLET \$525—\$695. A six in the price range PONTIAC \$745-\$895. "Big.six" luxury at low cost. OLDSMOBILE \$875-\$1035. The Fine Car at Low MARQUETTE \$965 - \$1035. Buick's fine new OAKLAND \$1145-\$1375. The All American six.
